Foreword

We seniors have shared the same classes, clubs, sports, parties, and dances for the past four years. During the last of these years, each of us has prepared for the time we shall leave the rest of our classmates and make our own way into the future.

With these thoughts in mind, we have chosen "Off to Greater Heights" as the theme for *Our Echo*; comparing the student body of the class of 1959 to a rocket ship as it sets out on its course.

area, ready for take-off.

Students leave school for work, studies, or relaxation.

Bobbie Burns greets us as we go to and from school.

Dr. Clyde Fussell is superintendent of six elementary schools and Spaulding High School. Dr. Fussell graduated from Middlebury College with A.B. and A.M. degrees. He received his Ed.M. from the University of New Hampshire and received his Ph.D. from the University of Connecticut. He is the executive officer of the Board of School Commissioners. Some of his other numerous duties include nominating teachers and supervisors, approving our study courses, and preparing the school budget.

“In this Space Age we read of great heights having been achieved by man with still higher goals to be attained in the future. You have achieved the great height of being graduated from Spaulding High School. Even though your goals differ with individual aims and interests, the foundation which you have received at Spaulding will make it possible for you to achieve even greater heights.”

C. G. FUSSELL, *Superintendent*

Mrs. Tomasini, secretary to Dr. Fussell, and Miss Stephen, bookkeeper of the Barre City Schools, at work in their office.

Our principal, Mr. Pendo, administers the rules and the regulations for the 740 students of Spaulding High School. He graduated from Norwich University with a B.S. degree and received his M.Ed. from Bates. Recently he was elected president of the Winooski Valley Principals Association. He has to supervise all activities of the school, organize our classes, and make up our curriculum.

“Seniors, as your co-pilot, I’m about to turn on the switch which will eject you into the unknown. As I do, take a final look and give a fond farewell to your past twelve years of formal education, to that little red schoolhouse, and to the impressive building known as Spaulding High, where your happiest memories will forever be enshrined.

“Into the vastness of ‘wild blue yonder’ you go! The world out there is waiting to receive you. Go and make your place, and may God speed you on your way!”

Freshmen entering the doors of S.H.S. for the first time may pursue one of four curricula: college preparatory, academic, commercial, or trade and industrial with English predominating in all. In the first three courses leading departments are our foreign languages: French, Latin, and Spanish, which enable a student to learn the tongue of a distant land. Social studies teach us the history, geography, and economy of our great country. All freshmen are required to take civics, and U. S. History must be mastered before graduation. A wide field of science and mathematics is offered to the students. General science for freshmen, biology for sophomores, physics for juniors, and chem-

General math is offered for those not planning to further their education. The continuous click of typewriters, the scratching of the pen when taking shorthand, or the puzzled look on the face of the student whose bookkeeping will not balance—these indicate our future men and women of the business world taking the Commercial Course.

Boys interested in industrial arts attend three periods at Spaulding each day and then go up on the hill. Here they have a chance to put their

College Prep Juniors Take Aptitude Test

On January 13th, Wednesday, the college preparatory Juniors took the first of two in a series of Differential Aptitude Tests administered by Mr. Frank Devine, assistant - principal. What is the purpose of these tests? Why were they administered? And just what is aptitude? These are questions which were answered by Mr. Devine before the students took the tests.

Seven tests given to the juniors included verbal reasoning, numerical reasoning, special relations, mechanical reasoning, clerical speed and accuracy, and language usage. Almost every occupation calls for strength in one of these seven fields of aptitude for its success.

Class Officers Are Chosen

Junior class officers are Douglas Lawson, president; Rosalie D'Agostino, vice-president; Janet Hill, secretary; and Kathryn McGoff, treasurer.

Sophs Get Rings

April 24 was one of the biggest days of the year for many members of the class of '59. The big event was the arrival and subsequent presentation of their class rings to those lucky sophomores.

After many months of anxious waiting, the rings arrived from the Herft and James Company early in the week. The order was placed prior to the Thanksgiving vacation so you can imagine the excitement their coming caused.

In case you've yet to see the rings, the stone is a black onyx set in gold. The price, almost as pretty, ranged from \$18.50 to \$21.50. And, of course, they are the most attractive rings to be displayed around Spaulding halls for many a year.

Sophs Meet

On May 9, the sophomores held a class meeting in the assembly hall. Rosalie D'Agostino, president of the class, led the group in "The Lord's Prayer" and the Flag Salute.

Mr. Allison, introduced by the president, spoke to the class. The class advisors, Miss Martin, Miss Goodell, Mr. Smith and Miss Sallah were introduced.

The president then called upon the class treasurer, Douglas Realini who gave a report on the finances of the sophomore class. He reported on the success of the Sophomore Hop and class rings.

Secretary Kay Billi spoke to the girls about class ribbons and proper dress for the last assembly and Class Day. Vice-president Bill Lawliss talked to the students concerning the program anticipated for the class of 1959 for next year.

Sophomore Hop Is Brilliant Success

Saturday, October 27, was the date of the annual Sophomore Hop. The dance, held at the Barre Municipal Auditorium, was, as usual, a great success. Approximately 300 students attended the affair. Dancing to the music of the UVM Catamounts was enjoyed from 8:00 to 11:00.

The auditorium was elaborately decorated in a Hallowe'en motif. As the students entered the auditorium, they were confronted with an enormous, grinning pumpkin. To enter the main hall, everyone walked in through the pumpkin's mouth. Once inside, the first thing that caught the pupils' eye was a large witch riding on a broom. The witch was suspended from the stage so as to appear to be in mid-air. Behind the witch was a big harvest moon and numerous twinkling stars. The orchestra was enclosed by a picket fence with cats, pumpkins and cornstalks adorning it. The stage, as a whole, depicted a typical Hallowe'en night.

In the center of the dancing floor was a scarecrow. Around the scarecrow were cornstalks and pumpkins. The backboards were cleverly decorated with ghosts, witches, and skeletons.

Lighthouse Holds Grand Reopening Parents And Friends Enjoy New Club Room

The Lighthouse, Barre's teen-age center, held its opening dance from 7:30 to 12:00 at its new location in the L. D. Hutchins building on South Main street on Friday, November 25, 1955.

During the evening, the students enjoyed playing ping-pong and cards, dancing, and singing to the music of Mary Agnes Finn. The parents enjoyed inspecting the Lighthouse and talking to the advisors. Mrs. Edward J. Luce, president of the Youth Activities, Incorporated, welcomed everyone to the Lighthouse.

JV Cheerleaders Chosen For '55-'56

Janet Hill, Rosaline D'Agostino, Noella Gauthier, Leslie Chatot, and Kathryn McGoff were chosen to be on the 1955-56 junior varsity cheerleading squad. The choices were made by the varsity cheerleaders and their instructor, Miss Frances Rich, on November 18.

The girls were chosen on their arm motions, their ability to jump, and their voices. Thirty-five girls tried out for the honor.

Mr. Mayo, our former principal, stands outside his home in Rutland, Vermont.

Frosh Greeted By Prin. Mayo

Official welcome was given to Spaulding's class of 1959 by Principal Frank Mayo on September 9 at their first class meeting.

Mr. Mayo told of the many extra curricular activities Spaulding has to offer. He stated there was an opportunity for every interest.

Many of Spaulding's rules were explained by the principal. There is only one real rule, and that is to act at all times like ladies and gentlemen, commented Mr. Mayo. He went on to explain about tardiness, detention, smoking, and clothing. He stressed the idea that one must be in his or her seat when the late bell rings to be present on time. The smoking area at the back of the building, and the dress for school dances were emphasized by Mr. Mayo. School dances was another topic that Principal Mayo touched upon. The fact that gentlemen must wear jackets to all school dances was also stressed.

"It is a great jump from the grades to high school," stated Spaulding's head man. "The art of responsibility becomes yours to master when you start your secondary education."

Student Council Sponsors Dance

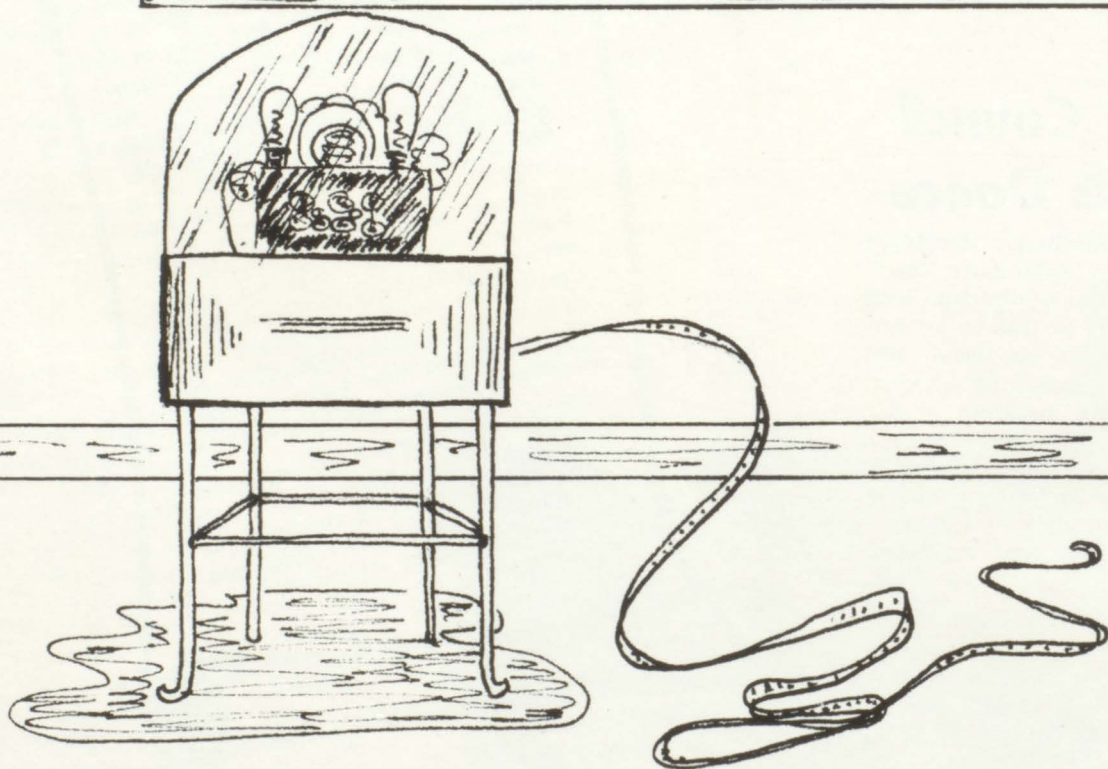

The annual Freshman Reception was held Friday, September 23, at the Barre Municipal Auditorium with many of the class of 1959 in attendance. The reception, as usual, was staged by the Spaulding student council under the direction of Mr. Mayo.

The students danced from 8:00 to 11:00 o'clock to the music of the Ambassadors. A large banner saying "Welcome Freshmen" was hung on the stage.

Chaperones for the affair were: Miss Amy Goodell, Miss Christine Martin and Miss Marion Sallah. Principal and Mrs. Mayo were present as well as Mr. Walter Bucklan, Student Council advisor, and Mr. Frank Devine, Assistant Principal.

As we look back over our years at Spaulding, many events stand out in our minds. Just a hundred years ago, our forefathers were crossing the dusty plains in clumsy wagon trains, and now we are planning to reach the moon in sleek, shiny rockets. Our rocket ship has traveled a hard and exciting journey. We've finally reached the climax of our trips and are ready to take "Off to Greater Heights."
