Foreword

In "Our Echo" we recall many memories which pour from the treasure chest of our four years at Spaulding. By individual effort in class and in our many activities we have, with the help of our teachers, forged a key which can unlock the future for each of us.

It is our purpose in this yearbook to examine the materials and construction which form this key.

You hold the key to your future in your hands as you stand at the threshold of adulthood and are about to open the door of opportunity. Every one of you has fabricated your own key by the way in which you have lived your lives up to the present time and have taken advantage of your educational training in varying ways and to different degrees. The grooves and notches which you have put into your key will determine which door will open to you.

May you find success as you unlock *your* door of opportunity.

“With this key”—exemplified by your high school education and accomplishments, many doors may be opened to you, but it would be a fallacy to think that all doors lead to success. You, and you alone, must make the proper choice. Remember too, seniors, that this same key may also be used to close doors. Being unable to apply what you have learned, disregarding consideration and rights of others, failure to use ethics in all your dealings with fellowmen, lacking definite religious beliefs, may all lead to the closing of such doors. May your doors to opportunity never close!

With This Key ... The doors of Spaulding High School swing open inviting all the members of the Class of '63 to avail themselves of the opportunity to increase knowledge in any of the four proffered courses, whether it be college preparatory, academic, commercial, or trade and industrial.

Whatever the student's choice of curriculum, English, the accepted spoken language of our great country, is the only four-year requisite for graduation, and justifiably so. This language, correctly spoken and properly used, lays a cornerstone to success in nearly every walk of life.

THANK YOU

BARRE SCHOOL STUDY COMMITTEE

Spaulding in the Future

On November 2, 1962, the city of Barre voted for a new high school. Taking a great part in the campaign for the new school was the School Study Committee which worked for months trying to show the citizens that we had to have a new school.

The proposed new school will be divided into subject areas such as mathematics, languages, and business training on two floors, and with a basement for janitors' storage and the boiler room.

The main offices will probably consist of offices for the principal and the assistant principal, storage, the general office, and a consultation room.

Everything will be much easier because of the additional space and modern conditions. Also the school will be in one location instead of the present two.

The Vocational School will be completely accessible, with rooms for such subjects as memorial arts, shop, and auto mechanics in the school building.

Extra curricular activities, including sports and music, will have their home in a gym where the home games may be played, and a hall where concerts and plays may be given. Outside the building will be a football field, a baseball park, and a track.

With the promise this new school holds, we know the education of Barre's students in the future will be assured.

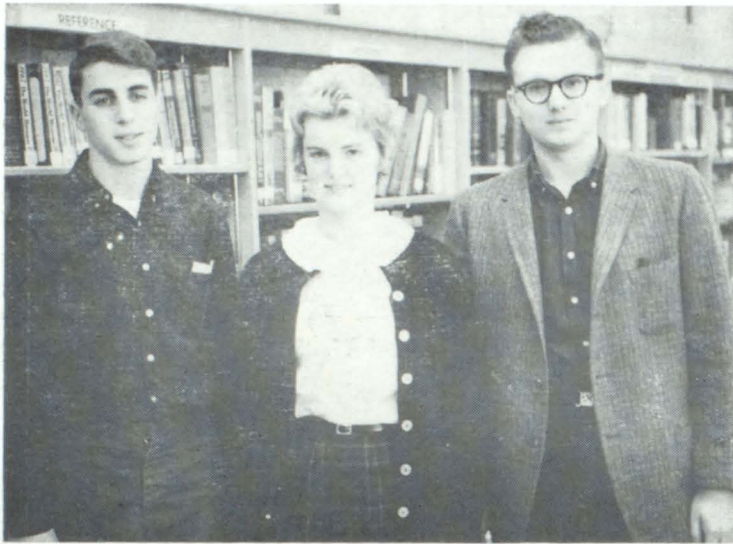

"Our

"Our Echo" has been created through many hours of work by the business and editorial staffs.

Under the guidance of Mrs. Lois Renfrew and our editors, Elaine Merryfield and Terry Demas, the editorial staff set out to collect material on a very active and diversified basis. Our first task was to select a theme which would reflect the thoughts of our class. The theme chosen was "With this key . . ." Then, under assigned committees, the staff made rough drafts of certain sections of "Our Echo." Diligent work was required to compile these sections to meet definite deadlines and to make the entire book coherent.

With Mr. Williams as financial advisor, and Marc Goldman as business manager, the business staff broke all "Echo" sales records, an accomplishment which will be difficult to surpass.

Both the business staff and the editorial staff have had the difficult task of producing the final copy. We are pleased to have compiled a book which will evoke fond reminiscences for you, the class of 1963.

"SENTINEL" IN THE MAKING

HARD AT WORK

"THE SENTINEL"

The "Sentinel" had a face-lifting this year. The format was reduced to a more manageable size and more pages were added. This year also saw students paying ten cents per copy rather than including the subscription in the price of the AA ticket.

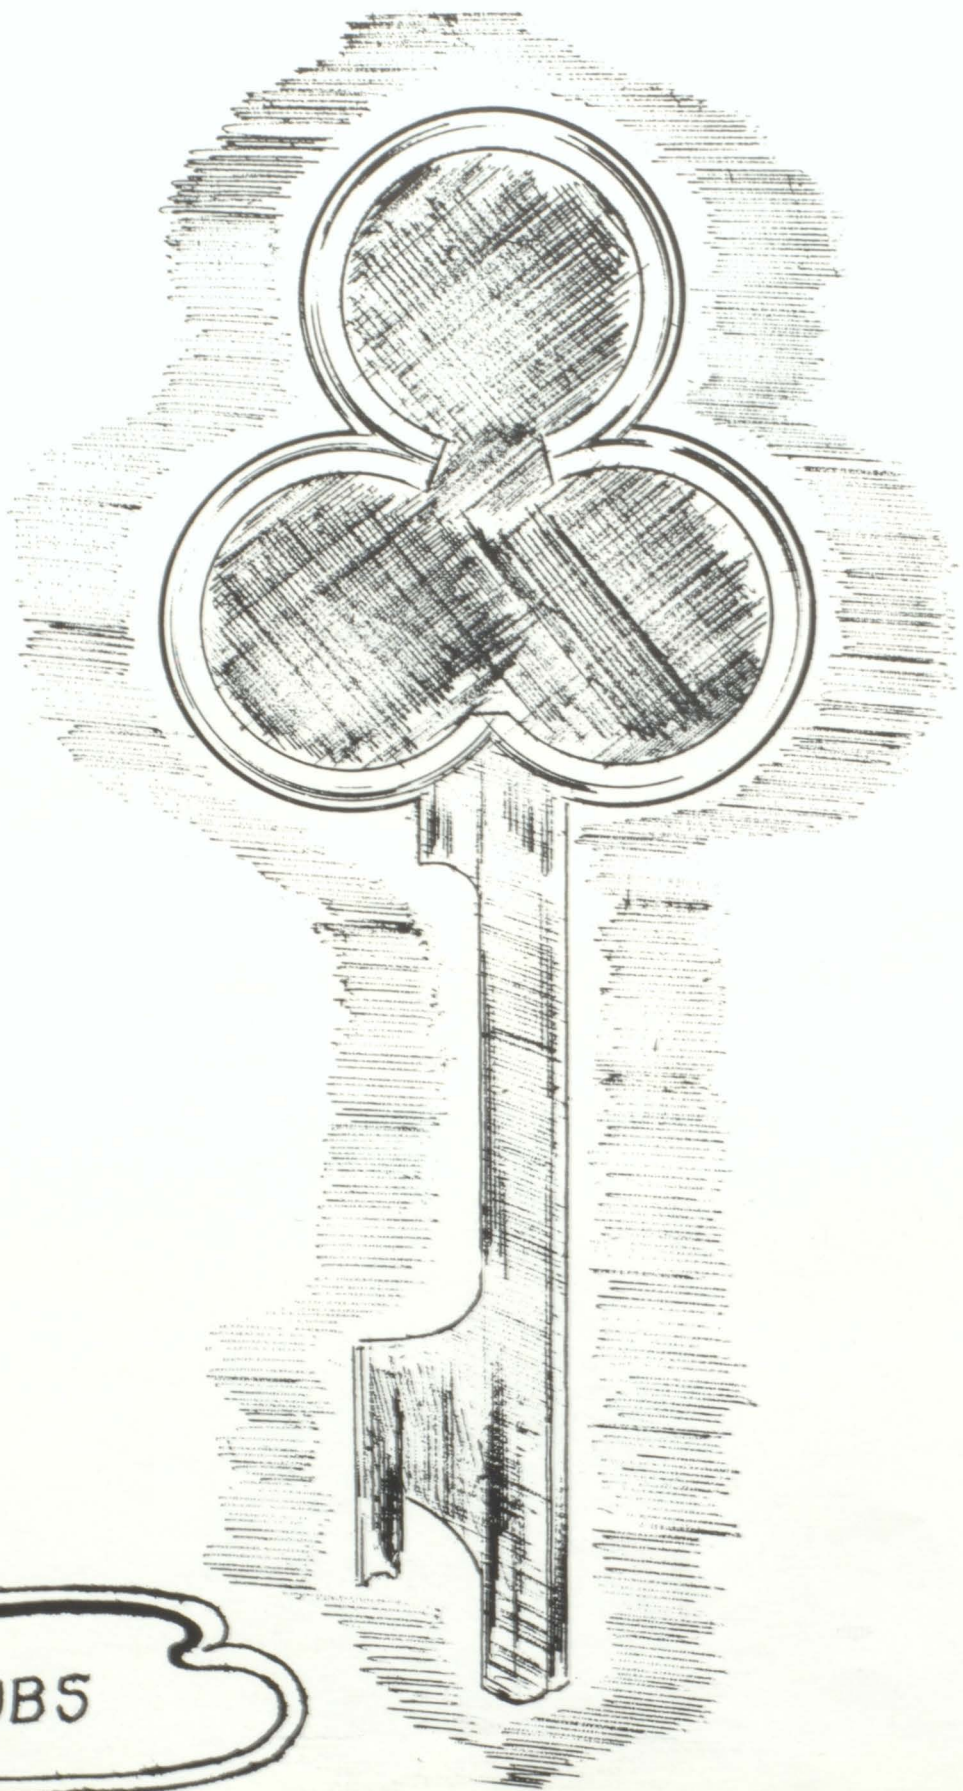

Mr. Wilbur, the new advisor, chose an almost completely new staff. These young newspapermen had two jobs to accomplish — first, to produce the school newspaper and, second, to sell the "New Look" to the student body. Both tasks continue satisfactorily.

SCHOOL
ACTIVITIES

ONE-ACT PLAY CONTEST TROPHY

In September 1959, we entered Spaulding with fear and apprehension. The first few weeks were spent in adjusting to our new routines and finding our way around the rambling building.

The Freshman Reception was held September 25th at the Barre Auditorium. We were the honored guests, and this was our official introduction to the social life of Spaulding.

Soon all classes elected officers, and ours were President, Charles Butler; Vice-President, Mary Lou Marrion; Secretary, Maria Bonazolli; Treasurer, Mary Brady.

An outstanding event of the year was the One-act Play Contest. We were proud and happy to win the contest with our presentation of, "Three on a Bench." In the cast were Arlie Buttura, Charles Butler, Marie Fournier, and Karl Rinker.

FRESHMAN RECEPTION

Our Freshman Year

Our sophomore year, being more familiar with the school procedures, we were able to help the freshmen find their way around.

The Sophomore Hop was held at the Barre Auditorium on October 28th. The Ambassadors provided the music and the theme was "Halloween."

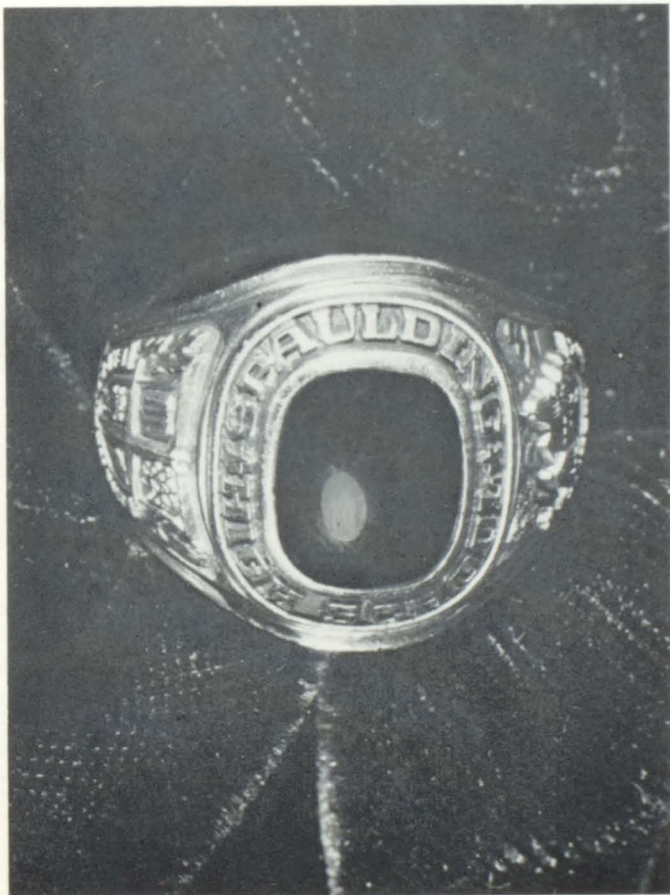

The big event of this year was choosing our ring. Instead of the usual class ring we chose a school ring. After five years this will be subject to change.

Class officers for this year were: President, Sheila Buttura; Vice-President, Alan Rossi; Secretary, Marilyn Tucker; Treasurer, Mary Lou Marrion.

JUNIOR DANCE

Thoroughly familiar with all aspects of high school life at Spaulding, we eagerly entered our junior year in 1961. Our class officers were: President, Clayton Gage; Vice-President, Robert Aldrich; Secretary, Marilyn Tucker; Treasurer, Marilyn Andrus.

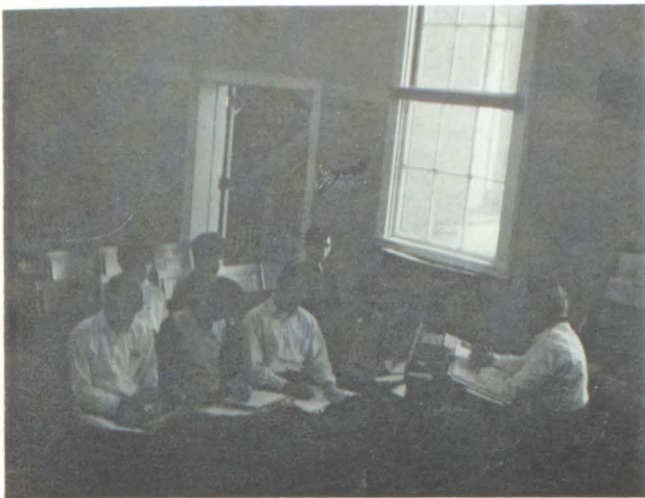

The big event this year was our dance. Instead of a Junior Prom we decided to have a less formal affair which was held on May 11th. The theme was "The Roaring Twenties" and a teenage band from Montreal supplied the music.

When Class Day approached, we were both happy and sad to realize the next fall we would be seniors with only one short year before graduation.

MUSIC &
DRAMA

MISS BROWN
Dramatics coach

The senior play presentation for 1963 was the comedy "January Thaw."

The play deals with the family of Herbert Gage who move into an abandoned New England house. But the Rockwoods, the owners, return and want the house. Determining to stay, the Rockwoods move into the bedrooms, thus complicating Gage's impending breakdown because of the belief that his daughter has eloped with the Rockwood's son.

Similar to most comedies, all ends well with the Rockwoods reclaiming the house, and the Gages moving into the barn.

The play, presented on February 28th and March 1st, was directed by Miss Virginia Brown, our dramatics coach.

SPAULDING ORCHESTRA

Our Orchestra

The orchestra meets every Thursday at the same hour as does the band and the Glee Club. It is made up of band members interested in fine instrumental music, with the addition of two violins, a cello, and a string bass.

This group participates in the annual music festivals in addition to providing entertainment at intermissions of the one-act play contest and the senior play production.

Much variety of styles of music has been attempted this year, ranging from the serious music of Bach and Beethoven to the light music of Leroy Anderson.

MR. FLINK, *Director*

SPAULDING GLEE CLUB

Our Glee Club and Chorus

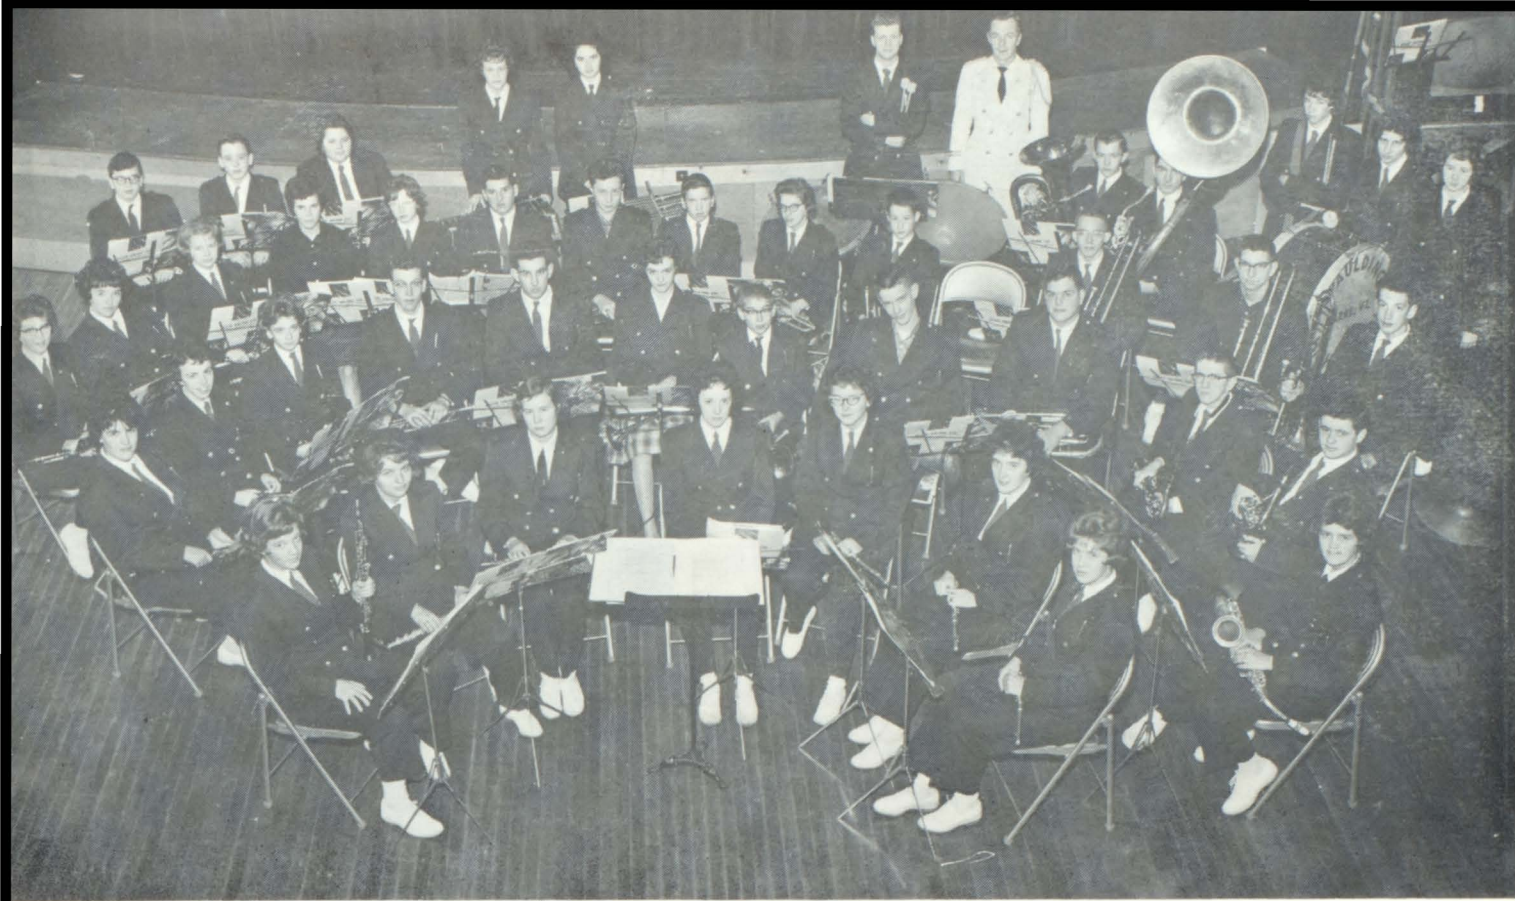

The Spaulding Glee Club harmonizes on alternating days at seven-thirty a. m. under the direction of Miss Priscilla Bedell, head of the Spaulding Music Department.

The Glee Club is a selected group, the majority of whom are juniors and seniors with a sprinkling of sophomores. It is the result of an effort to form a relatively small group for less confusion, but large enough for quality musical production. The Special Chorus is open to all classes and because of this, it is quite a sizable ensemble.

The annual music festivals were participated in and we were hosts to the Winooski Valley Festival last fall. Several programs were given for service clubs in Barre, in addition to the regular concert at Christmas time.

SPAULDING SPECIAL CHORUS

SPAULDING BAND

Our Band

Alternating with the Glee Club and the orchestra, the band rehearses at the same hour with Mr. Stanley Flink, the director. The band has supported the school at every home football and basketball game, played at all the pep-rallies, and marched fifty strong in the Old Car Parade.

Twelve members auditioned for the All-State Music Festival and also journeyed to Boston to audition for the New England Festival.

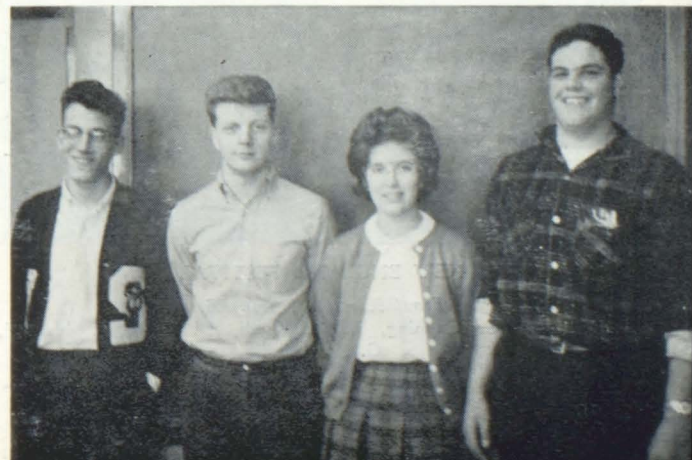

Highlights of the year were the Christmas assembly, the spring concert, the state hospital concert, the two parent concerts, and the exchange concert with Peoples Academy of Morrisville.

Girls' State

On June 17, 1962 six happy and excited girls joined the delegation of girls from high schools over the state at Vermont College in Montpelier, Vermont, to participate in the activities of the Green Mountain Girls' State. An important part of the activities is the competition for state, county, and local offices. Out of the large number who ran for office, many won in the primaries but lost in the finals. We were pleased to have Mary Lou Marrion elected clerk of the Senate.

Our social life provided us with ample relaxation so that at the end of the week we departed richer in the knowledge of our government and in the number of new friends.

Left to right: D. Cary, M. Calevro, D. Joyce, M. Seely, J. Nicholls, G. Tomat, C. Moran, F. Linton, C. Gage, C. Duke.

Boys' State

The twenty-fourth annual session of Green Mountain Boys' State was held at Norwich University in Northfield, Vermont. Two hundred and seventy-three delegates of junior boys attended. Spirited political campaigning for state, county, and local offices was an ordeal for everybody. S. H. S. experienced the defeat of Michael Seely, a candidate for the state office of Lieutenant-Governor. All boys were elected to an office in some phase of government. Boys' State will long be remembered for the precise and activated account of state, county, and local government which can be well utilized by those who attended. The Inaugural Ball culminated the closing events of Boys' State.
