DEPARTMENT OF STATE,

8th December, 1801.

SIR,

I HAVE the honor to transmit, herewith, two copies of the second census (except for the state of Tennessee which is not yet received) and to notice the following deviations from the law under which it was taken, affecting the uniformity of some of the returns.

The return for the counties of Dutchess, Ulster and Orange, in the District of New-York, was not received at this office until the 21st of September last.

The return for a portion of Baltimore county, in the District of Maryland, was not received until the 19th ult. The return for the western District of Virginia was not received in its present form until the 20th of October last.

The Marshal for the District of South Carolina did not take the oath prescribed by law, until three days after the date of his return.

In the return for the Indiana Territory, the population of some of its settlements is grouped together, instead of being divided into classes.

It is proper that I should add, that I have no reason to suppose that the above irregularities have happened from culpable neglect in the Marshals themselves.

I have added to these copies an aggregate Schedule of the returns from each District and Territory.

With perfect respect, I remain,

Your most obedient servant,

JAMES MADISON.

*The President of the  
United States.* }
